MEDICINAL.

The healthy woman need not fear the change which comes at the beginning of life's autumn. It is the woman who is worn out, run down and a sufferer from womanly diseases who naturally dreads the change of every woman's life, and the prevalence of womanly diseases makes it the duty of every woman to avoid unnecessary suffering to take especial care of herself at this time.

The ill which vex so many women at the change of life are entirely avoided or cured by the use of Dr. Pierce's Favorite Prescription. It makes weak women strong, and enables the weakest to pass through this trying change with the tranquility of perfect health.

"I have been a very healthy woman, and this time has been very hard with me," writes Mrs. Maggie Morris, of Mansfield Station, Clearfield Co., Pa., Box 76. "I am come to the time of change of life, and I have been sick a great deal off and on. When Mrs. Hemmle moved beside me I was sick in bed, and when she came to see me we were talking over our sickness. Mrs. Hemmle told me to try Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery,' also 'Pellies.' I got her to bring me a bottle of each from the drug store and I used them. They did me a great deal of good, and I got two more bottles of 'Favorite Prescription.' I never saw such a wonderful cure. Before I commenced my remedies I was good for nothing; in such sickness I hardly knew what to do with myself; now I can do all my work myself and feel well."

Dr. Pierce's Pleasant Pellets are easy and pleasant to take.

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. Mrs. J. W. COOLBAUGH, Milo Center, N. Y.

TROUBLE IN CHINA.

Further news regarding the rebel movement organized in Kansu and Northern China by Tung Fu Hsiang, having for its object the massacre of foreigners and the placing of a new Emperor on the throne at Peking in the person of Prince Tuan's son, has been received by the steamer Empress of India at Victoria, B. C.

The Shanghai Mercury sent its native correspondents to the scene and they have reported that the rebel leaders are constantly in communication with Yung Lu and other officials. The correspondent saw the troops being drilled, the bodyguard being officered by trained soldiers.

During the early part of January orders came to the imperial commander of Kansu to arrest Tung. Tung visited the commander, accompanied by his bodyguard, and intimidated him. Orders were afterward received from Peking which resulted in assistance being given to Tung by the commander.

The correspondents tell of different messages which have passed between Yung Lu and Tung telling of impending trouble, and they also tell of many threats made against foreigners. Many instances are given of how natives selling foreign wares have been beaten, and the correspondents say that no foreigner would get through the district alive.

According to a dispatch from South China, the tribes are said to have thrown in their lot with the rebels in Kwangsi.

It is shown that the first blow of the greater movement of the revolution would have been struck at Canton on the night preceding the Chinese New Year had it not been for a European detective at Hongkong, whose timely tip prevented the outbreak.

"Different stories are being received from Kwangsi and interior towns of battles between the rebels and the imperial troops, in the majority of which the rebels were victorious."

United States Consul McWade, at Canton, has cabled the State Department that the province of Kwangsi has at last been pacified, but that the rebels are active and aggressive in adjoining provinces.

Mail advices from Hongkong tell of the terrible death of the informant who warned the police of the projected movement against Canton. He was paid a thousand taels for the information, but did not live long to enjoy them, for his body was found hacked to pieces, his ears being cut off and his body otherwise mutilated. The men arrested at Hongkong for complicity in the plot were released after being held for a week owing to lack of evidence against them. At Canton the prisoners fared worse, several being beheaded and six subjected to prolonged torture.

The Hongkong Telegraph published a dispatch from Canton, saying that 500 imperial troops recently dispatched from Canton by the transport Fuh Po to Teen Pak, had met with a severe check from the imperial troops quartered at Chi Yue where they were ambushed by the rebels at the Yung Ning Pass. The troops carried a considerable amount of ammunition and military supplies for the garrison of Chi Yue, which fell into the hands of the rebels. After the encounter with the rebels and the subsequent flight of the imperial troops many of the soldiers deserted. It is also reported that the imperial government, on receipt of the news, summoned a hurried council and decided to send another contingent of 2,000 strong. Chi Yue is a city on the borders of Kwel Chow and Yuen Nan provinces.

MACEDONIAN WAR CLOUD.—Increasing numbers of Bulgarian revolutionary bands are operating in Macedonia. The frequency of stiff encounters between them and the Turkish forces is regarded as indicating that a general rising, has already begun. The inhabitants appear not only to be sheltering these bands, but to be informing them of the movements of the troops, thus enabling the revolutionists to evade pursuit. The telegraph wires are being cut by the revolutionists, who are determined opposing the troops whenever they encounter them. The aggregate losses on both sides have been heavy.

According to advices from Macedonia, revolutionary agents enter the houses in the villages at night and, holding a black cross in one hand and a pistol in the other, compel the peasant to choose between death and an oath of allegiance to the Bulgarian cause.

Dispatches received in London state that a revolutionary band operating between Sers and Strumitza, in Macedonia, has killed the gendarmes in the village of Monastir. Another band, numbering 150, fought the Turks seven hours in the Malash district. The Turks are still pursuing this force and have captured six boxes of dynamite.

St. Petersburg dispatches state that a secret Austro-Russian military convention has been concluded, with the view to a provisional occupation of old Serbia and Macedonia.

It is considered certain that Turkey will not carry out her undertaking in regard to reforms in Macedonia.

DOCTORS PRESCRIBE IT.

Whenever there is a case of cough, cold, bronchitis, croup, asthma, whooping cough, measles, hoarseness, or sore throat in the family, and the doctor wishes to give the patient speedy relief and a positive cure, he prescribes the medicine that always cures—Dr. Bull's Cough Syrup.

CROUP CURED.

Croup attacks a child without warning and needs very prompt attention or it may prove serious, even fatal. If you notice any symptoms of croup, give baby a small dose of Dr. Bull's Cough Syrup. It will relieve it instantly and cure it in a night. No danger from choking after you have

given baby one or two doses. Every mother should keep a bottle of Dr. Bull's Cough Syrup in the house to be prepared for sudden attacks of croup. Thousands of letters are received from grateful mothers, who say their babies' lives have been saved by Dr. Bull's Cough Syrup.

One Bottle Cured Her Boy.

Mrs. Mary Olson, of 330 Clinton Street, Brooklyn, N. Y., writes: "My little boy, three years old, caught the croup and I concluded to try Dr. Bull's Cough Syrup, as I have more faith in it than in doctors. He was soon relieved after a few doses only, and entirely cured of the croup and bronchial trouble after having taken one bottle of Dr. Bull's Cough Syrup. When I have this old reliable remedy in the house I feel safe, and since it cured him I always keep a bottle in the house. My husband was also cured of a bad cold by DR. BULL'S COUGH SYRUP."

It has been a household remedy for the past fifty years, and there is scarcely a home or cabin in the United States that has not a bottle of this wonderful cure in the medicine chest. It contains no injurious drugs. It heals the throat and lungs and renders them perfectly healthy. It leaves no bad after-effects. All leading doctors prescribe Dr. Bull's Cough Syrup.

Coughed Until His Nose Bled.

Wm. H. Broader, of Chrystie Street, New York City, writes: "I have had a cough ever since my childhood. It was so bad that blood would spurt from my nose, which would leave me weak, so that I was often compelled to leave my work. I started to take Dr. Bull's Cough Syrup, and before the third bottle was finished my cough was entirely gone."

Avoid Substitutes!

A dealer who tries to sell you a cheap substitute for DR. BULL'S COUGH SYRUP does so to increase his own profit at the risk of your health. If he will sell you cheap imitations and bogus goods, he will not hesitate to sell you impure drugs. He knows himself that there is no remedy in the world so good as Dr. Bull's Cough Syrup.
